Notes to the Half Year Consolidated Financial Statements

1. CORPORATE INFORMATION

King River Resources Limited ("King River" or "the Company") is a company limited by shares incorporated and domiciled in Australia, whose shares are publicly traded on the Australian Securities Exchange. These consolidated financial statements are presented in Australian dollars. The condensed financial report was authorised for issue by the directors on 10 March 2022 in accordance with a resolution of the directors. The nature of the operations and principal activities of the Group are described in the Directors' Report.

2. BASIS OF PREPARATION AND CHANGES IN ACCOUNTING POLICIES

(a) Basis of Preparation

This general purpose condensed financial report for the half-year ended 31 December 2021 has been prepared in accordance with AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*.

The half year financial report does not include all notes of the type normally included within the annual financial report and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the consolidated entity as the full financial report.

The half year financial report should be read in conjunction with the most recent annual financial report for the year ended 30 June 2021.

It is also recommended that the half year financial report be considered together with any public announcements made by King River and its controlled entities during the half year ended 31 December 2021 in accordance with the continuous disclosure obligations arising under the ASX Listing Rules.

The accounting policies and methods of computation are the same as those adopted in the Annual Financial Report for 2021 except for the effects of the new standards as mentioned in Note 2 (c).

(b) Going Concern Basis of Preparation

The Group incurred a net loss after income tax of \$1,302,893 for the half year ended 31 December 2021 (June 2021: \$968,842) and a net cash outflow of \$1,586,871 (June 2021: \$5,546,038 inflow). As at 31 December 2021 the Group had cash and cash equivalents of \$4,537,346 (June 2021: \$6,124,217) and a net current asset surplus of \$4,491,483 (June 2021: \$6,335,291 surplus).

The directors are satisfied that at the date of signing of the financial report, there are reasonable grounds to believe that the Group will be able to continue to pay its debts as and when they fall due and that it is appropriate for the financial statements to be prepared on a going concern basis.

(c) Significant accounting policies

New and amended Accounting Standards and Interpretations adopted

From 1 July 2021, the Company has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board that are mandatory for the current reporting period. Adoption of these standards and interpretations did not have any effect on the financial position or performance of the Group.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

(d) Prior period adjustment

During the 2021 financial year management reviewed the accounting treatment applied to Research and Development (R&D) Tax Incentives received by the Group and accounted for as government grants in line with AASB 120 *Accounting for Government Grants and Disclosure of Government Assistance*. In accordance with the Group's stated accounting policy, government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is offset against the related asset. In prior years, R&D Tax Incentives received relating to Deferred Exploration Expenditure were recognised in income. Accordingly, a prior year adjustment has been processed to reclassify relevant amounts to Deferred Exploration Expenditure. The impact of the restatement on the accumulated loss at 30 June 2019 is \$1,564,996. The Statement of Comprehensive Income for year ended 30 June 2020 has not been restated as the impact was not considered material. The receipt of the Research and Development tax

Notes to the Half Year Consolidated Financial Statements

(d) Prior period adjustment (continued)

refund relating to an asset is recognised as cash inflow from investing activities. The comparative information in the Statement of Cash Flows has been restated for this reclassification adjustment.

All Deferred Exploration Expenditure relating to R&D Tax Incentives received prior to 2014 was written off in 2013 when the Group determined that the Deferred Exploration Expenditure relating to the processing of vanadium and titanium was fully impaired.

Below summarises the impact of the adjustment on the Statement of Financial Position as at 30 June 2020:

Report on the half-year financial report

Conclusion

We have reviewed the accompanying half-year financial report of King River Resources Limited (the Company) and its subsidiaries (collectively the Group), which comprises the consolidated statement of financial position as at 31 December 2021, the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, nothing has come to our attention that causes us to believe that the half-year financial report of the Group is not in accordance with the *Corporations Act 2001*, including:

- a. giving a true and fair view of the consolidated financial position of the Group as at 31 December 2021 and of its consolidated financial performance for the half-year ended on that date; and
- b. complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity* (ASRE 2410). Our responsibilities are further described in the *Auditor's responsibilities for the review of the half-year financial report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Directors' responsibilities for the half-year financial report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's responsibilities for the review of the half-year financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001*

including giving a true and fair view of the Group's financial position as at 31 December 2021 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
