FLAGSHIP DIRECT CUSTOMER

Providing Validation from a Tier-1 Global Company

- From June 2020, Nestlé Research undertook thorough performance evaluation of Nanoshield in their Switzerland laboratories, peer reviewed findings published in science journals in May 2021
- Last order sent 30 days ago, with Nestlé Professional ordering from regional divisions including Greece, Australia, Singapore, Dubai, Turkey, Switzerland and Austria
 - Nescafé touch screens
 - We Proudly Serve Starbucks® machine screens

Nestlé Professional, the global leader in out of home branded hot and cold beverage and food solutions, is deploying anti-viral and anti-bacterial self-disinfecting screen protectors for its out of home coffee machines.

With the COVID-19 pandemic, consumers are looking for more reassurance on safety and hygiene when they have a coffee on-the-go, at work or a convenience store.

In an effort to provide solutions adapted to the current sanitary situation, Nestlé Professional teamed up with Nanoveu, a leading technology research company to customize its Nanoshield™ anti-viral and anti-bacterial screen protector for Nestlé Professional's Nescafé and We Proudly Serve Starbucks® coffee machines.

Nestlé Professional place ongoing orders which are not individually material.
