#### About Zelira [www.zeliratx.com](http://www.zeliratx.com)

**Zelira Therapeutics Ltd (ASX:ZLD, OTCQB:ZLDAF)**, is a leading global biopharmaceutical development and commercialization company marketing cannabinoid-based medicines. Zelira owns a portfolio of proprietary revenue generating products and a pipeline of candidates undergoing clinical development that are positioned to access the world's largest and fastest growing markets. The Company is focused on developing and clinically validating branded cannabinoid-based medicines for the treatment of a variety of medical conditions in its Rx business, including insomnia, autism and chronic non-cancer pain as well as offering over the counter (OTC) products.

The Company has two proprietary formulations under the HOPE® brand that are generating revenues in Australia, Louisiana and Washington D.C. with other States in the US expected to follow.

Zelira is also generating revenue in Australia and Germany from its proprietary and patented Zenivol® - a leading cannabinoid-based medicine for treatment of chronic insomnia. Zenivol® has successfully completed the world's first cannabinoid-based efficacy trial for chronic insomnia where it was found to be a safe and effective treatment. This clinical trial was published in the prestigious peer-reviewed journal SLEEP®.

In 2020, Zelira partnered with SprinJene® Natural to develop and commercialise natural and organic oral care products under the SprinjeneCBD brand, as part of Zelira's OTC business. The SprinjeneCBD toothpaste product is the first of several scientifically formulated, hemp-derived, oral care products containing cannabinoids and based on the proprietary and patented technology of Blackseed oil and Zinc.

The Company has worked in partnership with world-leading researchers and organisations, which since inception include Curtin University in Perth, Western Australia; the Telethon Kids Institute in Perth; the University of Western Australia, in Perth; St. Vincent's Hospital in Melbourne, Australia; and the Children's Hospital of Philadelphia (CHOP) in the United States.
