6 December 2021

Dear Fellow Shareholder,

## SHARE PURCHASE PLAN OFFER

It is a great pleasure to invite you to participate in the Company's December 2021 Share Purchase Plan (SPP).

Altech Chemicals Limited (ASX: ATC, "Altech" or "Company") has recently completed a placement that was conducted in-house. The Company is pleased to advise shareholders that it raised a total amount under the placement of \$8,128,506 via the issue of 77,414,345 fully paid shares at 10.7 cents per share.

The Company will utilise the placement funds, and is seeking additional funds pursuant to this SPP, to further develop its downstream alumina coated battery materials business which could be a game-changer for the electric vehicle battery market. Altech intends to allocate funds raised from the placement, as well as this SPP, to the acquisition of land to house a battery materials coating pilot plant in Germany, construction of the pilot plant, completion of a Preliminary Feasibility Study in relation to a 10,000 tpa battery materials coating plant to be housed on the same land in Germany as the pilot plant, and completion of a Definitive Feasibility Study in relation to the 10,000 tpa battery materials coating plant.

Altech's alumina coating technology is successful on both silicon and graphite particles, typical of those used in the anode of lithium-ion batteries, particularly within the burgeoning electric vehicle industry. This technology aims to improve the battery life and performance. On **25 November 2021**, the Company announced a very exciting and significant breakthrough in lithium-ion battery technology achieved by its research and development laboratory located in Perth, Western Australia which was well received by the market. After almost 12 months of challenging work, Altech has finally "cracked the silicon barrier" and successfully produced and tested a series of lithium-ion battery anode materials that have ~30% higher retention capacity compared to conventional lithium-ion battery anode materials. To achieve its breakthrough, Altech successfully combined silicon particles that had been treated with its innovative proprietary technology, with regular battery grade graphite particles, to produce a lithium-ion battery electrode containing a composite graphite / silicon anode. When energised, these materials held 30% more capacity compared to a conventional graphite only anode material. The previously unresolved obstacles for using silicon in lithium-ion battery anodes were silicon particle swelling; prohibitive first-cycle-capacity-loss of up to 50%; and rapid battery degradation each charge and discharge cycle, were resolved during the laboratory testing of Altech's composite graphite/silicon batteries. Importantly, the Altech batteries demonstrated extremely good stability and cycling performance over extended periods.

The lithium-ion battery industry has recognised that the required step change to increase lithium-ion battery energy density and reduced costs is to introduce silicon in battery anodes, as silicon has ~ ten times the energy retention capacity compared to graphite. Silicon metal has been identified as the most promising anode material for the next generation of lithium-ion batteries. However, until now silicon was unable to be used in commercial lithium-ion batteries due to two critical drawbacks. Firstly, silicon particles expand by up to 300% in volume during battery charge, causing particle swelling, fracturing and ultimately battery failure. The second challenge is that silicon deactivates a high percentage of the lithium ions in a battery. Lithium ions are rendered inactive by the silicon, immediately reducing battery performance and life. The industry has been in the race to crack the silicon barrier.

As Tesla's Elon Musk alludes to, silicon oxide-based solutions should be the advanced anode of choice for mainstream battery producers today, and they should be expected to dominate the market over the next five to seven years.

Altech's potentially game changing technology has demonstrated that silicon particles can be modified so that it resolves the capacity fading caused by both the swelling and first-cycle-loss capacity problems. Phase 2 of Altech's planned research and development program will see the Company strive to improve on the 30% energy increase achieved in the first phase. The Company has commenced a preliminary feasibility study (PFS) for the construction of a high purity alumina (HPA) coated battery materials plant in Saxony, Germany. The PFS is being undertaken by Altech's 75% owned German subsidiary, Altech Industries Germany GmbH (AIG). Work on the preliminary engineering design for the 10,000 tpa battery materials plant is in the final stages of completion. Altech has also commenced the green accreditation of the environmental credentials of the battery materials process.

In relation to the HPA Johor project, the Company continues to progress on securing the final project finance. Senior project debt financing of US\$190 million has been secured from German government owned KfW IPEX-Bank. The Company is currently progressing with obtaining junior project debt financing of US\$144 million, through listed green bonds. In addition, the balance in equity for the project has been mandated with various groups. Stage 1 and Stage 2 of the construction works in Malaysia were completed on budget and on schedule.

With your support, combined with funds raised from the recently announced \$8.1 million share placement, your Company will be able to continue to progress with its exciting battery materials coating technology in Saxony, Germany.

I thank you for your ongoing support of the Company and invite you to participate in our Share Purchase Plan.

Yours sincerely,

Iggy Tan  
Managing Director

## **TERMS AND CONDITIONS**

The following are the terms and conditions of the Offer under the Plan (**Terms and Conditions**). By accepting the offer to subscribe for Shares under the Share Purchase Plan (**SPP or Plan**), you will have agreed to be bound by these Terms and Conditions and the Company's constitution.

### **1. Purpose**

The purpose of the SPP, which will be conducted in conjunction with the Placement, is to offer Eligible Shareholders (defined below) the opportunity to acquire Shares up to a maximum of \$30,000 (when combined with any shares issued under any share purchase plan in the 12 months preceding the date of the SPP) and a minimum of \$2,000 worth of Shares.

The issue price of 10.7 cents under the SPP will be at a discount of 19.5% to the volume weighted average market price of the Shares over the last five trading days on which sales in the Shares were recorded prior to the date the SPP was announced.

The Company is intending to raise \$4,000,000 under the SPP. The Shares will not attract brokerage costs and will be issued without the need for the Company to issue a prospectus. The SPP is governed upon such terms and conditions as the board of directors of the Company, in its absolute discretion, sees fit.

The proceeds raised under the Plan and the Placement will be applied to funding of the battery materials coating pilot plant to be constructed in Germany as well as the purchase of the land to house the plant, completion of the preliminary feasibility study as well as the engineering of a definitive feasibility study in relation to the 10,000tp battery materials coating plant, and for working capital purposes.

### **2. ASIC Corporations (Share and Interest Purchase Plans) Instrument 2019/547 issued by the Australian Securities and Investments Commission**

The Offer has been structured to comply with the ASIC Corporations (Share and Interest Purchase Plans) Instrument 2019/547 (as may be amended from time to time) to enable the Company to issue Shares without a prospectus.

### **3. Opening and closing date of the Offer**

The Offer opens on **Monday 6 December 2021 (Opening Date)**.

The Offer closes at 5pm WST on **Friday 17 December 2021 (Closing Date)**.

No late applications will be accepted, however the Directors reserve the right to extend the Closing Date at their sole and absolute discretion by making an announcement to the ASX.

### **4. Who is eligible to participate in the offer?**

You are eligible to apply for Shares in the Offer if:

- your registered address, as recorded in the Company's register of members, is in Australia or New Zealand; and
- you were registered as a holder of Shares as at 5pm WST on **Wednesday 1 December 2021**,

**(Eligible Shareholder)**.

Due to foreign securities laws, it is not practical for shareholders (or beneficial shareholders) resident in other countries to be offered the opportunity to participate in the SPP.

The Offer to each Eligible Shareholder is made on the same Terms and Conditions as all other Eligible Shareholders.

The Offer is non-renounceable (i.e. you may not transfer your right to subscribe for Shares under the Offer to anyone else). Eligible Shareholders who wish to take up Shares issued under the SPP agree to be bound by the Company's constitution in respect of Shares issued under the SPP.

An offer may, at the discretion of the directors of the Company (**Directors**), be made under the SPP once a year. The maximum amount which any shareholder may subscribe for in any consecutive 12-month period is \$30,000. The Directors may also determine in their discretion the minimum amount for participation, the multiple of Shares to be offered under the Plan and the period the offer is available to Eligible Shareholders.

**5. Is the Offer voluntary?**

The Offer is entirely voluntary and is subject to these Terms and Conditions. You do not have to participate if you don't want to.

**6. How was the issue price determined?**

The issue price for each Share under the Offer is set at 10.7 cents per Share (**Issue Price**). This is the same price paid per Share as participants in the placement of Shares announced by the Company on 2 December 2021. The Issue Price of 10.7 cents per Share represents a ~19.5% discount to the 5-day volume weighted average market price of the Company's Shares as traded on the ASX immediately prior to the announcement of the Placement.

**7. Important Information on price risk to consider**

Before deciding whether to accept the Offer, you should refer to the current market price of Shares, which can be obtained from the financial pages of your daily newspaper, your stockbroker, your financial adviser, or the ASX. Please note that the market price of Shares may rise or fall between the date of this Offer and the date when the Shares are issued to you under the Offer. This means that the price you pay per Share under this Offer may be greater than or less than the price of Shares at the time the Shares are issued to you pursuant to this Offer.

***In determining whether you wish to participate in this Offer and the extent to which you participate, you should seek your own personal financial and/or taxation advice referable to your own circumstances.***

**8. No Financial Advice**

This document does not provide financial advice and has been prepared without taking accounting of a person's investment objectives, financial situation or particular needs. You should consider the appropriateness of participating in the SPP having regard to your investment objectives, financial situation or particular needs. Shareholders should seek independent financial and taxation advice before making any investment decision in relation not these matters.

## 9. How much can you invest in the Offer?

Subject to paragraph 12, if you are an Eligible Shareholder under the Plan, you can subscribe for Shares as follows:

Offer	Subscription Amount (\$A)	Number of new Shares
Offer A	\$30,000 (maximum)	280,373
Offer B	\$20,000	186,915
Offer C	\$15,000	140,186
Offer D	\$10,000	93,457
Offer E	\$5,000	46,728
Offer F	\$2,000 (minimum)	18,691

The number of Shares to which you are entitled will be calculated by dividing the subscription amount you have selected by the Issue Price, rounded down.

Please note that the maximum limit of \$30,000 of Shares applies to you even if you receive more than one Offer from the Company. For example, if you are both a sole and a joint Shareholder of the Company as at the Record Date, you can only apply for Shares under the Offer once, either in your capacity as sole Shareholder or joint Shareholder, not both.

No fractions of Shares will be issued.

## 10. Maximum number of new Shares to be issued?

- (a) **ASX Listing Rules limitation:** In accordance with ASX Listing Rule 7.2 Exception 5, the total number of new Shares under the Offer must not exceed 30% of the number of Shares currently on issue (the maximum number of Shares that can be issued under the Plan is 386,765,357 Shares).
- (b) **Discretionary limitation:** It is presently intended that a maximum of 37,383,177 Shares will be issued pursuant to the Offer, which would raise a maximum of \$4,000,000. Applications will be accepted on a 'first in, first accepted' basis and will not be able to be withdrawn once made. The Company's board of directors (**Board**) presently intends that Offer will close after the maximum amount of \$4,000,000 has been raised, however it reserves the right to accept oversubscriptions.
- (c) **Board discretion:** The Board reserves its right to reject or scale back any applications in whole or in part. The Board reserves absolute discretion regarding the final amount raised under the Offer (subject to the maximum permitted under the ASX Listing Rules). If there is a rejection or scale back, your application monies may be greater than the value of new Shares issued to you under the Plan, in which case the excess application monies will be refunded to you, without interest.

## 11. Multiple Holdings

The maximum investment any Eligible Shareholder may apply for will remain \$30,000 even if an Eligible Shareholder receives more than one Offer (whether in respect of a joint holding or because the Eligible Shareholder has more than one holding under a separate account). It is the responsibility of the applicant to ensure that the aggregate of the application amount paid for the Shares the subject of the Application and any other shares and interests in the class applied for by you under the Plan or any similar arrangement in the 12 months prior to the date of submission does not exceed \$30,000.

## 12. Custodian Certification

If on you are an Eligible Shareholder and hold Shares as a custodian (as defined in ASIC Corporations (Share and Interest Purchase Plans) Instrument 2019/547) (**Custodian**) or in any more specific ASIC relief granted to the Company in relation to the Plan), you may apply for up to a maximum of \$30,000 worth of Shares for each beneficiary for whom you act as Custodian provided you complete and submit, together with an Application Form, a certificate (**Custodian Certificate**) with the following information:

- (a) that you held Shares on behalf of:
  - (i) one or more other persons that are not Custodians; and/or
  - (ii) another Custodian (**Downstream Custodian**) holds beneficial interests in Shares on behalf of one of more other persons who are resident in Australia or New Zealand, to which those beneficial interest relate,
 

(each a **Participating Beneficiary**) at the Record Date who have subsequently instructed you, and/or the Downstream Custodian, to apply for Shares on their behalf under the Plan;
- (b) the number of Participating Beneficiaries and their names and addresses;
- (c) the number of Shares that you hold on behalf of each Participating Beneficiary;
- (d) the dollar amount of Shares that each Participate Beneficiary has instructed you, either directly or indirectly through a Downstream Custodian, to apply for on their behalf;
- (e) that the application price for Shares applied under the Offer for each Participating Beneficiary for whom you act in addition to the application price for any other Shares issued to you as custodian (as a result of instruction given to you as Custodian or a Downstream Custodian) for that Participating Beneficiary under any arrangement similar to the Plan in the prior 12 months does not exceed \$30,000;
- (f) that a copy of this Offer document was given to each Participating Beneficiary; and
- (g) where you hold Shares on behalf of a Participating Beneficiary indirectly, through one or more Downstream Custodians, the name and address of each Downstream Custodian.

In providing a certificate under this paragraph 9, the Custodian may rely on information provided to it by the Participating Beneficiary and any Custodian who holds beneficial interests in the Shares held by the Custodian.

For the purpose of ASIC Corporations (Share and Interest Purchase Plans) Instrument 2019/547 you are a 'Custodian' if you provide a custodial or depository service in relation to shares of a body or interests in a registered scheme and who:

- (a) holds an Australian financial services licence covering the provision of a custodial or depository service;
- (b) is exempt from the requirement to hold an Australian financial services licence for the provision of a custodial or depository service;

**Altech Chemicals**  
Limited

If you hold Shares as a trustee or nominee for another person, but are not a Custodian as defined above, you cannot participate for beneficiaries in the manner described above. In this case, the rules for multiple single holdings (set out in paragraph 9) apply.

Custodians should request a Custodian Certificate when making an application on behalf of Participating Beneficiaries. To request a Custodian Certificate and if you would like further information on how to apply, you should contact Company's Share registry, Automic Pty Ltd during business hours during the Offer period, or via email at [custodialcertificates@automicgroup.com.au](mailto:custodialcertificates@automicgroup.com.au).

The Company reserves the right to reject any application for Shares to the extent it considers that the application (whether alone or in conjunction with other applications) does not comply with these requirements. The Company reserves the right to reject applications in accordance with these Terms and Conditions.

### **13. Shareholder Certification**

No interest will be paid on any money returned.

In the event the Company wishes to allot fewer Shares than an Eligible Shareholder applies for or is not permitted to issue all the Shares offered as a result of any law or ASX Listing Rule, the allocation of Shares to applicant Shareholders will be at the absolute discretion of the Directors from time to time.

### **16. What Rights Will the Shares Carry?**

Once the Shares are issued, they will rank equally with existing Shares in the Company and will carry the same voting rights, dividend rights, and entitlements to dividends, rights and bonus issues.
