

Tuesday 5 October 2021

AUSTRALIA'S FIRST SULPHATE OF POTASH PRODUCER

The Beyondie Sulphate of Potash Project has produced its first batch of Sulphate of Potash during the product commissioning process.

- **First high grade Sulphate of Potash produced during commissioning, achieving required product specification**
- **Product commissioning will continue until EBTEC completes its performance test**
- **Scheduled commercial production ramp-up remains on track**
- **Both construction and commissioning activities remain within the capital expenditure budget**
- **Additional contracts awarded for SOP product haulage services**

"Kalium Lakes has delivered another major milestone for the Beyondie SOP Project, producing its first SOP seven years after the Company was founded in September 2014.

"It has been a remarkable journey to reach this stage and we thank everyone who has contributed to the success of the project during the past seven years, particularly our long-term shareholders, management team and employees.

"We have always said that it was not a race and we were focused on getting it right rather than being first, but in the end we have been fortunate to achieve both!"

Rudolph van Niekerk - Chief Executive Officer

The First Australian Produced Sulphate of Potash - Beyondie SOP Project - October 2021

The Team Celebrates First Production Day

Forward looking statements

Certain information in this document refers to the intentions of Kalium Lakes, but these are not intended to be forecasts, forward looking statements or statements about the future matters for the purposes of the Corporations Act or any other applicable law. The occurrence of the events in the future are subject to risk, uncertainties and other actions that may cause Kalium Lakes' actual results, performance or achievements to differ from those referred to in this document. Accordingly, Kalium Lakes and its affiliates and their directors, officers, employees and agents do not give any assurance or guarantee that the occurrence of these events referred to in the document will actually occur as contemplated. Statements contained in this document, including but not limited to those regarding the possible or assumed future costs, performance, dividends, returns, revenue, exchange rates, potential growth of Kalium Lakes, industry growth or other projections and any estimated company earnings are or may be forward looking statements. Forward-looking statements can generally be identified by the use of words such as 'project', 'foresee', 'plan', 'expect', 'aim', 'intend', 'anticipate', 'believe', 'estimate', 'may', 'should', 'will' or similar expressions. These statements relate to future events and expectations and as such involve known and unknown risks and significant uncertainties, many of which are outside the control of Kalium Lakes. Actual results, performance, actions and developments of Kalium Lakes may differ materially from those expressed or implied by the forward-looking statements in this document. Such forward-looking statements speak only as of the date of this document.

There can be no assurance that actual outcomes will not differ materially from these statements. To the maximum extent permitted by law, Kalium Lakes and any of its affiliates and their directors, officers, employees, agents, associates and advisers:

- disclaim any obligations or undertaking to release any updates or revisions to the information to reflect any change in expectations or assumption;
- do not make any representation or warranty, express or implied, as to the accuracy, reliability or completeness of the information in this document, or likelihood of fulfilment of any forward-looking statement or any event or results expressed or implied in any forward-looking statement; and disclaim all responsibility and liability for these forward-looking statements (including, without limitation, liability for negligence).
