

### **Business update – Launch of debt management APP in Australia**

Credit Intelligence Limited (the Company, we or CI1)'s Australia debts management operation, Chapter Two Australia (ChapterTwo) has launched its debt management mobile app – “ChapterTwo - Back on Track” which is now available on Apple and Google stores to its clients.

This new consumer debt management mobile app can facilitate Australian clients manage their debts without impacting their credit profiles through Bankruptcy and Part IX Debt Agreements.

#### **Key Highlights**

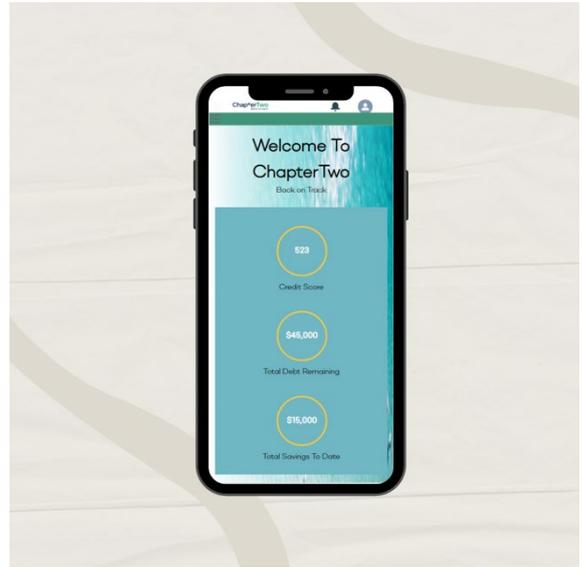

- First technology of its kind in the Australian debt management industry.
- Ability for users to list all their debts in once place, see their repayment history and make one monthly repayment managed by ChapterTwo.
- Coupling ChapterTwo's debt management services which negotiates interest free payment plans with their clients' creditors giving their clients the ability to budget accordingly and clear their debts over 5 years.
- Credit Score updated monthly with the use of Experian's API.
- Regular tracking of clients' financial position to offer mortgage broking services and future products to their clients whose score, and financial position has improved over their journey with ChapterTwo.
- No insolvency event or default to their credit file.

#### **Debt Management App**

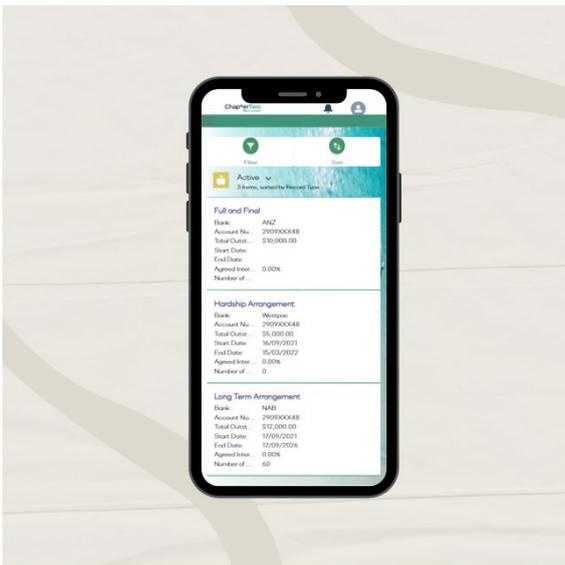

Currently there are no debt management companies that provide a fintech solution that provides their clients with live up to date information regarding their debt balances, repayment history and credit score. ChapterTwo specialise in Informal Agreements that do not default their clients credit file. The App allows the clients to see all their debts in one place and view the remaining balances and repayment history on each account. The App will also allow ChapterTwo to monitor our clients' repayment histories and debt balances over five years and offer additional services as their clients' credit worthiness improves such as mortgages and other financial services.
