

Mt Lindsay and Livingstone Approvals

ASX Announcement
Monday, 14 November 2016
Ref: /VMS/606/VMS0397

Venture Minerals Limited (ASX: VMS) (“Venture” or “the Company”) advises shareholders that a request for a judicial review into the State of Tasmania’s approval of the Mt Lindsay (7M/2012) and Livingstone (3M/2012) mining leases has been lodged with the Supreme court of Tasmania.

This review has been requested by a third party and does not relate to actions controlled by Venture. Rather, the action seeks to review the legalities of the Minister’s decision to grant the Mt Lindsay and Livingstone Mining Leases.

We note that similar actions have previously been taken with the Company’s Riley DSO Project, but those actions were unsuccessful and the Riley Project remains fully permitted with granted mining leases.

Shareholders will be notified should there be any material developments as a result of these actions in the future.

Detailed information on all aspects of Venture Minerals’ projects can be found on the Company’s website www.ventureminerals.com.au.

Yours sincerely,

Hamish Halliday
Managing Director
