## **RTG ANNOUNCES A BOARD AND CHIEF FINANCIAL OFFICER CHANGE**

### **ANNOUNCEMENT TO THE TORONTO STOCK EXCHANGE AND AUSTRALIAN SECURITIES EXCHANGE 9 SEPTEMBER 2014**

The Board of RTG Mining Inc. ("RTG", "the Company") (**TSX Code: RTG, ASX Code: RTG**) is pleased to announce the appointment of Mr Ryan Gurner as the new Chief Financial Officer and Company Secretary of the Company. Mr Gurner was instrumental in the financial team at Sakari Resources Limited, leading a number of new project developments on the finance side and is a key new addition to the RTG management team, as we move into the development phase for the Mabilo Project in the Philippines.

We would also like to announce the retirement of Mr Matthew Syme (previous CEO of Sierra Mining Limited ("Sierra")) who was appointed to the Board in a transitional role, following the completion of the Scheme of Arrangement with Sierra. Given the seamless handover to the RTG management team and successful grant of the Bunawan exploration permit, Mr Syme felt it was appropriate to now focus his time on his new endeavours. We would like to thank Mr Syme for his valued contribution to the Board and wish him every success with his new ventures.

#### **ABOUT RTG MINING INC**

RTG Mining Inc. is a mining and exploration company listed on the main board of the Toronto Stock Exchange and Australian Securities Exchange Limited. RTG is focused on developing the high grade copper/gold/magnetite Mabilo Project and advancing exploration on the highly prospective Bunawan Project, both in the Philippines, while also identifying major new projects which will allow the company to move quickly and safely to production.

RTG has an experienced management team (previously responsible for the development of the Masbate Gold Mine in the Philippines through CGA Mining Limited), and has B2Gold as one of its major shareholders in the Company. B2Gold is a member of both the S&P/TSX Global Gold and Global Mining Indices.

## **CAUTIONARY NOTE REGARDING FORWARD LOOKING STATEMENTS**

This announcement includes certain “forward-looking statements” within the meaning of Canadian securities legislation. Accuracy of mineral resource and mineral reserve estimates and related assumptions and inherent operating risks, are forward-looking statements. Forward-looking statements involve various risks and uncertainties and are based on certain factors and assumptions. There can be no assurance that such statements will prove to be accurate, and actual results and future events could differ materially from those anticipated in such statements. Important factors that could cause actual results to differ materially from RTG’s expectations include uncertainties related to fluctuations in gold and other commodity prices and currency exchange rates; uncertainties relating to interpretation of drill results and the geology, continuity and grade of mineral deposits; uncertainty of estimates of capital and operating costs, recovery rates, production estimates and estimated economic return; the need for cooperation of government agencies in the development of RTG’s mineral projects; the need to obtain additional financing to develop RTG’s mineral projects; the possibility of delay in development programs or in construction projects and uncertainty of meeting anticipated program milestones for RTG’s mineral projects and other risks and uncertainties disclosed under the heading “Risk Factors” in RTG’s Annual Information Form for the year ended 31 December 2013 filed with the Canadian securities regulatory authorities on the SEDAR website at [sedar.com](http://sedar.com).
