About Fox Resources

Fox Resources (ASX: **FXR**) is an exploration company with substantial exploration interests in the Queensland Coal region and the Pilbara region of Western Australia.

Fox has outlined a 101Mt Inferred Hard Coking Coal Resource at its Bundaberg Coking Coal Project in southeast Queensland (ASX release 27 March 2014) as well significant Nickel, Copper and Zinc Resources as its extensive package of base metals tenements in the Pilbara region of Western Australia.

Fox's Western Australian projects cover a number of prospective base metal prospects and deposits including, Radio Hill, Sholl and Ayshia deposits, along with an extensive, highly prospective tenements in the region. In the Pilbara, Fox is aiming to discover high-grade base metal resources to enable its 100% owned Radio Hill processing plant to resume production.

Forward-Looking Statements: This document may include forward-looking statements. Forward-looking statements include, but are not limited to statements concerning Fox Resources Limited's (Fox) planned exploration program and other statements that are not historical facts. When used in this document, the words such as "could", "plan", "estimate", "expect", "intend", "may", "potential", "should", and similar expressions are forward-looking statements. Although Fox believes that its expectations reflected in these forward-looking statements are reasonable, such statements involve risks and uncertainties and no assurance can be given that actual results will be consistent with these forward-looking statements.
