## **Mining Lease Granted – Mt Lindsay Tin/Tungsten Project, Northwest Tasmania**

Venture Minerals Limited (**ASX code: VMS**), is pleased to announce that the Tasmanian Minister for Resources has granted the mining lease application over the Mt Lindsay Tin/Tungsten Project.

With the mining lease now granted the Company will focus on advancing the application documents required to obtain the State and Commonwealth environmental approvals necessary for the development of the Project. Venture also continues to evaluate financing options for the future development of the Mt Lindsay Tin/Tungsten Project.

In addition to advancing regulatory requirements the Company continues to evaluate the extensive exploration potential surrounding Mt Lindsay. Venture has used cost effective exploration techniques to target prospects close to Mt Lindsay that have the potential to deliver high grade mineralization and add to the already extensive reserve base at Mt Lindsay.

Yours sincerely,

**Hamish Halliday**  
**Managing Director**
