

ASX Release

8th February 2016

PharmAust to Present at the RedChip Global Online Microcap Conference

PharmAust Limited ("PharmAust") (ASX: PAA) (the "Company"), a biotechnology company specializing in the repurposing and relaunch of existing marketed products for oncology applications, is scheduled to present at the RedChip Global Online Microcap Conference on Thursday, February 11, 2016, at 4:00 p.m. Eastern time (U.S.). The presentation can be viewed at www.RedChip.com. A live Q&A session will follow the investor presentation.

The RedChip Global Online Microcap Conference brings together investors and executives of leading microcap companies, representing a broad spectrum of industries and sectors, including oil & gas, technology, mining, healthcare, consumer goods, energy, and more. More than 10,000 investors attend RedChip's microcap conference series each year.

No registration is required to participate in the conference. Start times are subject to change.

About PharmAust Limited

PharmAust is an Australian publicly listed biotechnology company engaged in pharmaceutical research and development. PharmAust has a lead targeted anticancer drug in the clinical stages of development. The company has recently completed a Phase I study in man and is looking to beginning Phase II clinical trials soon. PharmAust is developing its targeted cancer therapy for both human and veterinary applications and has entered a research Option Agreement with a global major to develop the canine cancer applications of its lead product. PharmAust also manufactures specialist chemical reagents and pharmaceuticals for the industry and is targeting revenues of \$2.6M in financial year 2016.
