

## ASX ANNOUNCEMENT

### Appointment of Marketing Specialist

15 October 2015

Walkabout Resources Ltd is pleased to announce that it has appointed Mr Robert Sills of Sills Strategic Materials as specialist product marketing agent in a part-time capacity.

Robert Sills is a commercial and marketing professional with over 20 years international experience in the market development of niche-based products such as those used in clean energy applications.

He has held roles with globally recognised companies including Rio Tinto and Gold Corporation with professional experience in Australia, the UK, the US, China, Korea and Japan, negotiating with global intermediate processors and end-users. He has a solid track record of successfully concluding agreements with many reputable global organisations.

Robert holds formal tertiary qualifications and an MBA (International) from the University of Western Australia.

Mr Sills will initially focus on introducing the Lindi Jumbo Graphite Project to potential international customers based in Europe, Japan and South Korea.

Allan Mulligan, Managing Director of Walkabout Resources, commented; *“We are delighted to have brought someone of Robert’s calibre and experience onto the team at Lindi Jumbo graphite project.*

*Securing an end-user partner early is key to the strategy of developing the first of multiple right-sized, low risk mines at Lindi Jumbo producing quality jumbo flake graphite into the forecast market shortage.”*
