## About ZipT

ZipT is a free to download mobile-based international communication application that allows consumers to SMS and make international calls from their mobile, at some of the world's lowest rates. ZipT has the ability to deliver crystal clear sound quality in lower bandwidth data environments and allows consumers to retain their existing phone number, service provider and SIM card, with no lock-in contracts. ZipT does not require a sim card and can be installed on any smartphone or tablet device. ZipT uses less data than similar products already available on the market, and is compatible with WIFI or any other mobile network.
