23 October 2015, Vista Group International Ltd, Auckland, New Zealand

Vista Group announces ASX ticker code change to VGL

Vista Group is pleased to announce that it has now secured the ticker code VGL for its ASX listing and effective from today the code will change from VGI to VGL.

This change makes the ticker code the same for the NZX and ASX and therefore removes any confusion that existed previously due to the different codes on the two exchanges.
