Company No.: 568510-M

DIRECTORS

The directors who held office since the date of the last report are:

Chen Wi Kiong	(Resigned on 16 January 2014)
Chen Kay Wen	(Appointed on 15 January 2014)
Chen Wee Min	

DIRECTORS' BENEFITS

During and at the end of the year, no arrangements subsisted to which the Company is a party, with the object or objects of enabling directors of the Company to acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate.

Since the end of the previous year, no director has received or become entitled to receive a benefit (other than those disclosed in the financial statements) by reason of a contract made by the Company or a related corporation with the director or with a firm of which the director is a member, or with a company in which the director has a substantial financial interest.

DIRECTORS' INTERESTS

According to the register of directors' shareholding, the interests of directors in office at the end of the year in the ordinary shares of the Company and its related corporations during the year are as follows:

	Number of Ordinary Shares of RM1 Each			
	At 1.9.2012	Bought	Sold	At 31.8.2013
Direct Interest				
Chen Wi Kiong	1,141,250	292,750	-	1,434,000
Chen Wee Min	752,500	193,000	-	945,500

OTHER STATUTORY INFORMATION

Before the income statement and the balance sheet of the Company were made out, the directors took reasonable steps:

- (a) to ascertain that proper action had been taken in relation to the writing-off of bad debts and the making of allowance for doubtful debts, and have satisfied themselves that all known bad debts had been written-off and that adequate allowance had been made for doubtful debts; and
- (b) to ensure that any current assets which were unlikely to be realised at their book values in the ordinary course of business have been written down to their estimated realisable values.

As of the date of this report, the directors are not aware of any circumstances:

- (a) which would render the amount written off for bad debts or the amount of the allowance for doubtful debts inadequate to any substantial extent in the financial statements of the Company; or
- (b) which would render the values attributed to current assets in the financial statements of the Company misleading; or

Company No.: 568510-M

- (c) which have arisen which render adherence to the existing method of valuation of assets or liabilities of the Company misleading or inappropriate; or
- (d) not otherwise dealt with in this report or financial statements which would render any amount stated in the financial statements of the Company misleading.

As of the date of this report, there does not exist:

- (a) any charge on the assets of the Company which has arisen since the end of the year and secures the liability of any other person; or
- (b) any contingent liability of the Company which has arisen since the end of the year.

No contingent or other liability has become enforceable, or is likely to become enforceable within the period of twelve months after the end of the year which, in the opinion of the directors, will or may substantially affect the ability of the Company to meet its obligations as and when they fall due.

In the opinion of the directors, no item, transaction or event of a material and unusual nature has arisen in the interval between the end of the year and the date of this report which is likely to affect substantially the results of the operations of the Company for the year.

AUDITORS

**REPORT OF THE INDEPENDENT AUDITORS TO THE MEMBERS OF
KLE PRODUCTS SDN. BHD. (Company No.: 568510-M)
(Incorporated in Malaysia)**

Report on the Financial Statements

We have audited the financial statements of KLE Products Sdn. Bhd., which comprise the balance sheet as at 31 August 2013, and the income statement, statement of changes in equity and cash flows statement for the year then ended, and a summary of significant accounting policies and other explanatory information, as set out on pages 7 to 22.

Directors' Responsibility for the Financial Statements

The directors of the Company are responsible for the preparation of financial statements so as to give a true and fair view in accordance with Private Entity Reporting Standards and the requirements of the Companies Act 1965 in Malaysia. The directors are also responsible for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with approved standards on auditing in Malaysia. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the Company's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements give a true and fair view of the financial position of the Company as of 31 August 2013 and of its financial performance and cash flows for the year then ended in accordance with Private Entity Reporting Standards and the requirements of the Companies Act 1965 in Malaysia.

Report on Other Legal and Regulatory Requirements

In accordance with the requirements of the Companies Act 1965 in Malaysia, we also report that in our opinion the accounting and other records and the registers required by the Act to be kept by the Company have been properly kept in accordance with the provisions of the Act.

Other Matters

This report is made solely to the members of the Company, as a body, in accordance with Section 174 of the Companies Act 1965 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2013**

1 GENERAL INFORMATION

The Company is a private limited company incorporated and domiciled in Malaysia.

The registered office is located at 308, Block A (3rd Floor), Kelana Business Centre, 97, Jalan SS7/2, Kelana Jaya, 47301 Petaling Jaya, Selangor Darul Ehsan, Malaysia.

The financial statements of the Company are presented in Ringgit Malaysia.

2 SIGNIFICANT ACCOUNTING POLICIES

The financial statements have been prepared in accordance with approved accounting standards applicable to private entities in Malaysia and the provisions of the Companies Act 1965.

The financial statements have been prepared on the historical cost basis. The principal accounting policies adopted are set out below:

2.1 PROPERTY, PLANT AND EQUIPMENT

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any.

Depreciation is provided on a straight-line method so as to write off the cost of the assets over their estimated useful lives, as follows:

	<u>Rate</u>
Moulds	10%
Machinery and equipment	10%
Motor vehicles	20%
Office equipment	10%
Renovations	2%
Leasehold land and building	2%

Depreciation of an asset begins when it is ready for its intended use.

The residual values and the useful lives of assets, if significant, are reviewed at each balance sheet date.

The gain or loss arising from the disposal or retirement of an asset, determined as the difference between the net disposal proceeds, if any, and the carrying amount of the item, are recognised in income statement.

2.2 IMPAIRMENT OF ASSETS

At each balance sheet date, the Company assesses whether there is any indication that an asset may be impaired. If any such indication exists, the recoverable amounts of the assets are estimated.

When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of the net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

If the recoverable amount of an asset (or a cash-generating unit) is less than its carrying amount, an impairment loss is recognised to reduce the carrying amount to its recoverable amount. An impairment loss for a cash-generating unit is firstly allocated to reduce the carrying amount of goodwill allocated to the cash-generating unit, and then, to the other assets of the unit pro rata on the basis of the carrying amount of each asset in the unit.

An impairment loss is recognised immediately in income statement, unless it reverses a previous revaluation, in which case it is treated as a revaluation decrease.

2.3 INVENTORIES

Inventories are stated at the lower of cost and net realisable value. Cost comprises direct materials, direct labour costs and overheads, where applicable, that have been incurred in bringing the inventories to their present location and condition. Cost is calculated using the first-in first-out method. Net realisable value represents the estimated selling price less all estimated costs of completion and costs to be incurred in marketing, selling and distribution.

2.4 RECEIVABLES

Receivables are initially measured at anticipated realisable values. Appropriate allowances for estimated irrecoverable amounts are recognised in income statement.

2.5 CASH AND CASH EQUIVALENTS

Cash and cash equivalents comprise cash and bank balances, short-term deposits and other short-term, highly liquid investments that are readily convertible to a known amount of cash with an insignificant risk of changes in value. For the purpose of the cash flows statement, cash and cash equivalents are presented net of bank overdrafts.

2.6 SHARE CAPITAL

Share capital issued by the Company is recognised at the proceeds received.

Dividends on ordinary shares will be recognised as liabilities when the shareholders' rights to receive the dividends are established.

2.7 FOREIGN CURRENCY TRANSACTIONS

Transactions in foreign currencies are initially translated at the exchange rate at the dates of the transactions.

At the balance sheet date, foreign currency monetary assets and liabilities are translated into Ringgit Malaysia at the exchange rate ruling at that date. Exchange differences arising on the settlement or translation of monetary items are recognised in income statement.

Non-monetary assets and liabilities measured at historical cost in a foreign currency are translated using exchange rates at the date of the transactions. Non-monetary assets and liabilities measured at fair value in a foreign currency are translated using exchange rates at the date when the fair value was determined.

The principal closing rates used in translation of foreign currencies amount are as follows:

	2013 RM	2012 RM
1 US Dollar	3.30	3.13
1 Chinese Renminbi	0.54	0.49

2.8 FINANCE LEASE

Hire purchase and leases of property, plant and equipment, which are classified as finance lease, where substantially all the risks and benefits incidental to the ownership of the assets, but not the legal ownership, are transferred to the Company.

Assets under finance lease are depreciated on a straight-line basis over the shorter of the hire and lease terms or their useful lives. Finance lease interest is recognised as an expense in income statement over the lease period so as to give a constant periodic rate of interest on the outstanding liability at the end of each accounting period.

All other leases are classified as operating lease and the lease rentals are recognised as an expense in income statement on a straight-line basis over the lease periods.

2.9 PAYABLES

Payables are stated at cost which is the consideration to be paid in the future for goods and services rendered.

2.10 REVENUE

i) *Sales Of Goods*

Revenue is recognised upon delivery of goods, net of discount and returns.

2.11 EMPLOYMENT BENEFITS

i) Short-Term Employment Benefits

Short-term employment benefits, such as wages, salaries and social security contributions, are recognised as an expense in the year in which the associated services are rendered by employees of the Company.

Short-term accumulating compensated absences, such as paid annual leave, are recognised when the employees render services that increase their entitlement to future compensated absences. Non-accumulating compensated absences, such as sick and medical leaves, are recognised when the absences occur.

The expected cost of accumulating compensated absences is measured as the additional amount expected to be paid as a result of the unused entitlement that has accumulated at the balance sheet date.

Profit-sharing and bonus plans are recognised when the Company has a present legal or constructive obligation to make payments as a result of past events and a reliable estimate of the obligation can be made. A present obligation exists when, and only when the Company has no realistic alternative but to make the payments.

ii) Defined Contribution Plan

Contributions to the statutory pension scheme are recognised as an expense in income statement in the year to which they relate.

2.12 INCOME TAX

Income tax comprises of current tax and deferred tax. Current tax and deferred tax are charged or credited to equity if the tax relates to items that are credited or charged directly to equity.

Current tax liabilities are measured based on the amounts expected to be paid, using the tax rates that have been enacted or substantially enacted by the balance sheet date.

Deferred tax is provided in full, using the liability method, on temporary differences which are the differences between the carrying amount in the financial statements and the corresponding tax base of an asset or liability at the balance sheet date.

Deferred tax liabilities are recognised for all taxable temporary differences and deferred tax assets are recognised for all deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary differences can be utilised. Deferred tax liabilities and assets are not recognised if the temporary differences arise from goodwill and for initial recognition of assets or liabilities that affect neither accounting profit nor taxable profit. Deferred tax liabilities and assets reflect the tax consequences that would follow from the manner in which the entity expects to recover or settle the carrying amounts of its assets and liabilities and are measured using the tax rates that have been enacted or substantially enacted by the balance sheet date.

The carrying amount of the deferred tax assets are reviewed at each balance sheet date, and the carrying amount is reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the asset to be utilised. The reduction is reversed to the extent that it becomes probable that sufficient taxable profit will be available.
