Ansell has a range of financial policies designated to enable management to ensure financial risk (including foreign exchange and interest rate exposures) does not negatively affect the Group's results. These policies remain consistent with those disclosed in the consolidated financial statements for the year ended 30 June 2015.

#### Financial instruments carried at fair value

##### *Fair Value Hierarchy*

The table below analyses financial instruments carried at fair value, by valuation method. The different methods have been defined as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

	31 December 2015			Total \$m
	Level 1 \$m	Level 2 \$m	Level 3 \$m	
Derivative financial assets	-	12.4	-	12.4
Derivative financial liabilities	-	14.5	-	14.5

In order to determine the fair value of the financial instruments, management used valuation techniques in which all significant inputs were based on observable market data.

### 7. Acquisition of Subsidiaries and Businesses

#### Hands International

The acquisition accounting for Hands International, acquired effective 1 November 2014, was completed during the six months to 31 December 2015 and resulted in an increase of \$0.2 million to previously reported goodwill.

#### Microgard Ltd

The provisional accounting for Microgard Ltd, acquired effective 1 May 2015, has resulted in a reduction of \$0.5 million to previously reported goodwill.

### 8. Performance Share Rights

Ansell Limited incorporates the granting of Performance Share Rights (PSRs) to the Managing Director and certain senior executives in its Long Term Incentive (LTI) Plan. Grants of PSRs were made in August 2013, August 2014 and August 2015 and are due to vest (upon the achievement of the performance hurdles stipulated in the LTI Plan) during the 2016, 2017 and 2018 financial years respectively. The value of these PSRs has been calculated by an external valuations expert and the related cost is amortised over the three year vesting periods.

#### *Auditor's responsibility*

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2015 and its performance for the half-year ended on that date; and complying with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As auditor of Ansell Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### *Independence*

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.

### *Conclusion*

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Ansell Limited is not in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the Group's financial position as at 31 December 2015 and of its performance for the half-year ended on that date; and
- (b) complying with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.
